

SPEEDING ON MOKENA ST'S. IS CURTAILED

Declaring war on speeders in the village of Mokena, the members of the village board, who have police powers, scored their first direct hit last Friday.

Village Board member David McMillan arrested George Vandenburg and charged him with traveling 42 miles per hour on front street. Appearance before Judge John Balaz was set for Monday evening.

The defendant being a newcomer to Mokena, was fined \$12.00 and \$3.00 costs, and Judge Balaz gave one of his typical short "lectures".

Said the judge: "We of Mokena don't want you to feel that you're not welcome here. All we expect is a fifty-fifty break—especially with the many children on our streets."

Shortly after Mokena was without a police officer last year, many youths thought that the village streets were speedways. They continued racing and speeding until the village board went into action. After the arrest of a few youthful drivers, things were quite quiet on the streets until recently.

This one young man got off rather easily, the court allowing him 30 miles per hour, and fining him \$1 per mile. He got a "break" of ten miles off the deal. Maybe this will be sufficient warning to other youthful speeders—and reckless drivers.

Feiling-Feldner Wedding, June 24

Mr. and Mrs. Walter Smith of Orland, attended the wedding of their niece, Miss Donna Feiling, who was married June 24, to Joseph Feldner of Tinley Park. The vows were spoken at solemn nuptial mass in St. Gerald's church at Oak Lawn.

The entire bridal party wore white and the bride carried white orchids nestled in variegated ivy. Her attendants carried long sprays of green ivy. Miss Berandine Weltland of Madison, Nebraska, and Miss Karen Dee Maschel of Casper, Wyoming, also nieces of Mr. and Mrs. Smith, were members of the bridal party.

Mrs. Smith and her sister, Mrs. Robert Pierce, of Norfolk, Nebraska, cared for the gifts and Mr. Smith was in charge of the guest book.

CARD & BUNCO PARTY

The Woman's Auxiliary to William Martin Post 725 Veterans of Foreign Wars, will sponsor a card and bunco party in the Vets' hall Saturday night, July 8 with all games starting promptly at 8:30.

The following committee members will serve refreshments: Mrs. Bertha Ziesemer, chairman, Mrs. Emma and Mrs. Norah Kohl and Mrs. Irene St. Ange. The public is cordially invited.

Heap Big Indians At Girl Scout Day Camp Had Good Time in Van Horn's Woods

The spirit of old Chief "Moke" hovered over Camp Hawthorne last week Monday through Friday at the combined Mokena and Frankfort Girl Scout day camp pow wow. War paint, feathers and tom toms were in prominence to add to the tribal funfare at Van Horn woods.

Under the leadership of Mrs. George Bills, camp director, Mrs. T. Arthur Shoop, assistant director and nature consultant, and Mrs. Thomas Powers as business manager, all of whom are licensed directors by the Girl Scout Council of Will County, Inc., were 91 girls and 23 members of staff. The staff had pre-camp training on the camp site the first part of June.

With the rain and drop in temperatures, the first day of camp was held in the Mokena public school gym where the girls organized into units and carrying on regular camp activities. The girls worked on handicraft and their Kaper Charts interspersed with games and songs. At noon they ate a nose-bag lunch, with milk supplied by the camp. The weather cleared and warmed somewhat in the afternoon so that some groups took a hike while others played baseball. At 2 o'clock everyone gathered for a sing together with Mrs. Bills who taught some new songs in keeping with the Indian camp theme.

Tuesday started off, as did each day, with a flag ceremony. Lunch consisted of sizzling hamburgers on buns. A salad, milk and peach shortcake completed the menu. Something new was added this year reflector oven cookery, on which the intermediate and senior units baked their own shortcakes.

Wednesday Bags of Gold were put in the melting pots (tomato soup with cheese dumplings) and Indians danced around the pot until it was ready. A salad, milk and the famous roasted banana boats completed the menu. One unit made a true Indian teepee out of Indian blankets which added more color, and also provided shelter for game equipment, etc.

By Thursday everybody was engrossed in some sort of camp craft: the making of tongue-depressor pins; the modelling of clay articles baked in the sun; plaster moulds of leaf design; lashing and the playing of games. All through the week different units hiked on a "nature snoop with Shoop". This day the

Well Known Mokena Couple Wins Prize Trip to New York

Mr. and Mrs. B. F. Lauffer, the latter a former Mokena man, distributors of Accousticon hearing aids for six counties centering around Joliet, won first prize in the latest contest for outstanding hearing aid service and sales in the months from February thru May. The Lauffers operate the Hearing Center at 7 N. Ottawa St., Joliet.

Their prize is a week's trip to New York City as guests of the Dictograph Products, Inc., manufacturers of Accousticon hearing aids. They will leave Friday by plane.

While in New York the Lauffers will stay at the Waldorf Astoria hotel. A gala cocktail party will be held for them at the corporation's headquarters in Rockefeller center. This is described as the greatest office hearing headquarters in the world. They will also be given a tour of Radio City, which is located in Rockefeller center.

Saturday night they will be treated to a special dinner in the Waldorf Astoria, followed by a theater party. Sunday they will visit the factory of Dictograph Products, Inc., on Long Island. That evening they will be guests at a dinner party in Freestone castle, Greenwich, Conn., the home of a Mrs. Andrews, president of Dictograph Products.

Mr. Lauffer is a son of Mrs. Florence Steele of Mokena.

Cathedral Fund Reaches \$1,915,821

With an additional \$240,825 reported in the past two days, the Cathedral Fund for Joliet has reached \$1,915,821 with more parishes to report over the week-end, according to John M. Joyce, diocesan lay chairman.

In making this statement, Mr. Joyce said, "On behalf of Bishop McNamara, the clergy and all common Catholics representing the 73 parishes and 15 missions throughout the diocese, I feel that our position as of today justifies the statement that victory is just around the corner."

"Many parishes are still reporting," Joyce said, "and others are holding meetings over the week-end and some will have final meetings during next week."

Frankfort Gas Sta. Changes Hands

The Mobile gas station on route 45 and Nebraska street, west of Frankfort, formerly operated by Ed Kodat has changed ownership. It has been purchased by Mrs. Alma Knowlton of Chicago, who will appreciate the patronage of the community.

Mrs. Knowlton, who took possession June 23, will be assisted by her son and his wife, and her daughter and husband.

Mrs. Ed Kodat and family will leave shortly with her family for California.

GHOST TOWNS ALONG THE R. R.

Villages along the Rock Island railroad lines have the appearance of ghost towns these days. It all came about because of the strike called by the Switchmen's Union of North America, AFL affiliate, which went into effect Sunday morning June 25.

Not a train has run since; no autos of workers or commuters are lined along parking spaces all day long; no stations are opened; most all workers locally and those in the Rock Island offices in Chicago have been given lay-off notices; people desiring to go into Chicago have had to stay home, unless they drive or are on a bus line.

Other Chicago workers are driving their own cars filled with other workers.

The mail service has been seriously effected as the Rock Island has the contract to carry mail along this end of the route. The post office department is using one truck daily to bring and take mail from local post offices. Local merchants are feeling the loss of patronage.

The union is striking for a cut of work from six to five days and from 48 to 40 hours, but at the same rate of pay as 48 hours. Everyone is hoping the strike will soon end.

Mokena Man is Stock Car Racing Official

John Janke of Mokena, who was appointed contest board representative of the Central States Racing association this spring, received an appointment July 1, as contest board representative of the Calumet Stock Car Racing association, who are now operating the new Schererville Speedway. He is also official race starter for both of these organizations.

The Calumet association has started the races at Schererville Speedway and plan to operate there every Sunday afternoon during the summer.

Stock car races will be run at the Kankakee Fair grounds and it is hoped will be continued throughout the season. Mr. Janke has been named as starter for the 500 mile Stockcar Classic to be run at Darlington S. C. on Labor day.

25th Anniversary Of Mr. and Mrs. A. Kohl Celebrated

Friends and relatives gathered in the home of Mr. and Mrs. Alphonse Kohl at Marley July 4, to celebrate their 25th wedding anniversary.

A potluck dinner and supper was served to 150 guests who came from Chicago, Joliet, Blue Island, Manhattan, Mokena, and Marley. Many of the guests attended the Marley picnic in the afternoon. Others enjoyed playing pinocle.

Music and singing was furnished by Mrs. Lorraine Gardner, guitar, and Helen Swanberg, accordion, nieces of Mrs. Kohl and was much enjoyed by all.

A lovely coffee serving tray with creamer and sugar containers, and a purse of money were presented the honored couple by the guests.

FRANKFORT REPRESENTATIVE ON TEN DAYS VACATION

Mrs. Katharine Heisner, Frankfort representative for The News-Bulletin, will leave Saturday when she will accompany Mrs. Verna Ackerman and her son on a motor trip to the northwest. Please call or send your news items direct to the office at Mokena 3521, until Mrs. Heisner's return.

Wed 50 Years; Will Observe Anniversary

Mr. and Mrs. John A. Hauck of New Lenox, will celebrate their golden wedding anniversary Tuesday, July 11. On Sunday, July 9, a family dinner will be given at the Milk Pail in Geneva and Tuesday evening from 7 to 9 o'clock relatives and friends are invited to call on the honored couple in their home at Lincoln highway and Pine street.

Mrs. Hauck, formerly Minnie Hacker, was born in Mokena March 8, 1876 and was educated in the Mokena school. After one semester at Normal school, she began teaching and taught for seven years, the last four of which were in Mokena. She is the daughter of the late Carl and Maria Hacker, and the last of her family of three brothers and one sister.

John A. Hauck was also born in Mokena, on August 29, 1873. He is the son of the late Andrew and Charlotte Hauck. He was a foreman for the Rock Island railroad until after their marriage when they moved to Joliet, and he was then employed as a woodworker at the Sawyer's mill, where he worked for 22 years. He is the last of his family of four brothers and six sisters.

The couple were married in the home of her parents, and the Rev. Carl Schaub officiated. Four sons were born to them, two of whom preceded them in death. Sheldon and John are in business in New Lenox. The couple have four grand-children. Until four years ago the Haucks lived in Joliet but moved then to New Lenox to be near their children. They enjoy good health, and Mr. Hauck spends much of his spare time in helping his son, Sheldon in the New Lenox grain elevator.

Many Entries Made In Tinley Merchant's Annual Fish Contest

As the many vacationers get back from the lakes, more entries are found each day in the Tinley Park Hardware's second annual fishing contest. Chas. Smith, proprietor, points out that "there is no obligation on the fisherman's part to enter this contest—just bring in your fish, and you'll have a chance to participate in the \$200 in merchandise prizes. The more recent entries include:

Jack Arnold, Blue Island, 6 pound 6 ounces Northern and a 3 pound 3 ounce Walleyed Pike.

Walter Harnack of Frankfort entered a 13 ounce Crappie which he caught in a flooded strip mine near Braidwood.

Edward Braun, Jr. of Tinley Park has entered a nine ounce bullhead, caught in Orland Lake.

Coming home from his vacation at Yellow Lake, Wis., Al Brandau brought home a three pound, four ounce large mouth black bass.

Order of De Molay Holds Installation

The Swordsmen chapter of the order of DeMolay and the DeMolay Mothers held a public installation of officers June 24, in the Masonic temple, in Joliet. Kenneth Webster was installed as master counselor, and Dallas Webster as scribe. Richard Kreml, of Mokena, was installed as senior steward and Robert Kreml as treasurer. Their mother, Mrs. Mildred Kreml took the office of chaplain.

Dallas Webster, Michael Balma and John Whyte received the chevaliers' degree, which is next to the highest honor a boy can attain in the order. Mr. and Mrs. D. E. Webster were guests of honor and she was presented with a bouquet of roses by her son Kenneth.

Miss Nancy Lussenhop, of Harvey, sang three solos. Walter Teising, deputy of the grand council and Walt Miller, adjutant of the grand council gave short addresses. The installation was well attended and there were guests from Chicago, Kankakee, Harvey, Forest Park, Joliet, Oak Lawn, Mount Greenwood, Mokena, Plainfield, New Lenox, Lockport and Tinley Park.

Invite Local Masons To Wayfarer Social

The Mokena Wayfarer's club, through their president, John C. Janke and secretary E. A. Anderson, are inviting all Masons of this community and their wives or friends to attend a pre-picnic social to be held in the Vets' hall, Friday night, July 7 at 8 o'clock. All master Masons from Mokena, Frankfort, New Lenox, Orland Park, Marley and Tinley Park are invited.

This occasion will provide an opportunity for neighboring Masons to become acquainted. There will be to be entertainment and refreshments will be served.

O. P. Scout Leader Attends Jamboree

Rev. Henry E. Rompel attended the National Scout jamboree in Valley Forge, Pa., observing the 40th anniversary of scouting. While there he attended the national council meeting, of which he is a member of the executive board. It was held for two days in Philadelphia. Three days spent at Valley Forge were full of action and excitement. When a roll call of the oldest leaders was made Rev. Rompel was the third man called. Of the leaders dating back in history, 49 are still living. Every state in the union; except six, was represented, also Hawaii, Alaska, the Philippines and 16 other countries, 55,000 boys outside of the leaders, besides 35,000 visitors, attended the jamboree. President Harry Truman was a speaker at one of the sessions.

FOLKERS AT STATE CONVENTION

Mr. and Mrs. Glenn Folkers are going to Peoria to the Illinois Rural Letter Carriers association and auxiliary state convention which will be held in the Pere Marquette hotel, July 6, 7 & 8.

On July 8, Mrs. Folkers will attend the Maryland state convention at Ocean City, Md., returning home July 12.

The above picture shows Pfc. Robert W. Murphy, son of Mr. and Mrs. James Murphy of Mokena. This picture was taken at Vaihingen, Germany, where Robert is serving with the U. S. army. He is the courier who delivered the proclamation, in full Constabulary Regalia, at the Vaihingen parade grounds announcing the new plan wherein the troopers could insure their future by investing in Savings bonds. Shown left to right, are Favorite, with Johann, and Uhlan with Murphy.

To Discuss Local School Problem At Frankfort July 7

A public meeting will be held in the Frankfort public school Friday evening, July 7 at 8 o'clock.

The purpose of the meeting will be to discuss the coming election on the \$10,000 bond issue and also on the increase of the building tax rate. The school board of this district, No. 157, believes it is necessary to alter the present building to provide an additional class room and a principal's office and other necessary repairs.

The board is urging everyone in the Frankfort district 157 to attend this meeting and become acquainted with the situation.

Lions of New Lenox Install Officers

The New Lenox Lions club met last Wednesday night at the Lutheran church, for a dinner at which their wives were guests. Sixty-seven attended, and members of the Woman's League served the dinner. Installation of officers for the coming year was held and Lloyd Berlin acted as Master of Ceremonies. The newly elected District Governor Gene Reynolds of Joliet, installed the new officers: Leonard Heimerdinger, president; Steve Sergeant, first vice president; Roy Pfeiffer, second vice president; Fred Pelt, third vice president; John Oster, secretary; N. E. Wilson, treasurer; Joe Lewandowski, lion tamer; Robert Rich, tail twister; Ernest Hoefler, chaplain; Charles Carnahan, Vernon Kammerer, Dean Bright and Peter Rob, directors.

Music was furnished by Arnold Cronland, who entertained with several organ selections, during the dinner. Gene Reynolds, district governor, gave an interesting talk on the meaning of "Lionism." The next regular meeting will be held on Wednesday, July 12.

The Board of directors will meet on July 5th at the home of Charles Carnahan at 7:30 o'clock to plan the program for next year.

MOKENA SOFTBALL GAMES

The Mokena Robins softball team has been playing on an average of three games a week this season. Last week they played Ulrich's team of Joliet, in a long close game. Mokena made the winning run in the 12th inning when Don Stephens got a hit which allowed the runner on third to score the sixth run and end the game in our favor, 6 to 5.

The second game of the week was with the Post and Paddock club of Chicago Heights here, but the home team lost this game. Sunday the Robins went to Monee to again face defeat but with more reason as they played in a rough field against a strong wind.

They will play tonight, July 6, at Crete and have a game scheduled with Frankfort to be played here. This game with their traditional rivals should draw a good crowd as it may prove one of the highlights of the season.

Fred Heusner Heads Frankfort Lions

The Lions of Frankfort had their final meeting of the season and a dinner Tuesday night in the village hall. Clarence Klepper, the outgoing president, conducted the business session. The newly elected officers were installed and Fred Heusner will serve as president for the coming year which will open with the September meeting.

The group was entertained with movies on New York City and the following committees served the dinner: Mrs. Henry Breidert, Mrs. Fred Heusner, Mrs. Paul Lambrecht, Mrs. Albert Swatek and Mrs. Norman Bradley.

HOME BUREAU

Mrs. Henry DeGroot of Monee and Mrs. Arthur Nieland of Frankfort were in charge of the Home Bureau radio program over WJOL June 24.

They interviewed the following members of the Youth organization in this area: Donna Miller, Frankfort; Brownie route 95; JoAnn Beckner, Monee Youth center; Norman Gill, Monee 4-H club; Burton Barr, F. F. A.; Carolyn Krapf, Green Garden FHA and Rosemary Archibald, New Lenox 4-H club.

MARLEY PICNIC PRESENTED VISION OF EARLY SETTLERS

Speaker said: 'Spirit of Forefathers
Needed To-day; Welfare State a Lie'

Our School Problem

(Editor's Note)—For the next few weeks we will run a series of articles giving a survey of the non-high school problem in this territory. They are written by J. H. Cherry, general superintendent of the Joliet township high school.

It would be well to clip these articles each week as the series entitled, "Our School Problem," will act as a valuable reference to your local school problems.

A SURVEY OF THE WILL CO. NON-HIGH SCHOOL PROBLEM

In 1949 the General Assembly of the State of Illinois passed legislation providing for the dissolution of all non-high school districts in the state as of June 30, 1953. Territory not already in high school districts was organized into non-high school districts by act of the legislature in 1917 in order to create a means of bringing secondary education nearer to all of the children of all of the people. As time has passed, however, most areas of Illinois have recognized the wisdom of either creating their own secondary schools or joining nearby high schools. Thus time and changing circumstances have brought decreasing usefulness to a once important instrument of education.

For half a century the Joliet Township high school and Junior college district has provided for the secondary education of many who resided in the surrounding high school territory. It has been proud and happy to do this service. As the community faces the problems created by the imminent dissolution of non-high school territory, the Joliet Township high school and Junior college stands ready to offer whatever assistance and leadership it can to bring about the wisest possible solution.

It is in this spirit that I have asked J. H. Cherry, general assistant superintendent, to prepare a summary of information concerning the non-high school territory in Will county as it relates to the Joliet Township High School and Junior college.

—Hugh S. Bonar, Superintendent

\$150,000 Suit Filed For Injured Girl

Miss Ruth Hildred Schaper, 15, of Frankfort, has filed a suit in the circuit court, for damages of \$150,000 for permanent injuries and scars that she charges were caused by the explosion of an automatic water heater in her home, July 1, 1949. Her mother, Mrs. Edith Schaper was killed in the accident.

Miss Schaper's father, filed suit for his daughter through Tom L. Yates, attorney, of Chicago. The plaintiff lives at 80th avenue and Woodvale road, Lincoln Estates, where her father operates a fox farm. There are two other children in the family who were not injured in the explosion. The family has lived at this location for nine years.

The defendant, James Paterson, of Aurora, is the distributor in this area for Pyrofax, a gas, compressed and sealed in cylinders. It is charged that the gas was supplied by Paterson through his agents and that he knew it was used in the water heater; that the agents tried to service the heater and that they left it in a defective and dangerous condition.

Members of the family said that a repairman came to the house to fix the heater ten minutes after the accident occurred. Mrs. Schaper had tried to light it after it had been turned off because of a leak. The flame that resulted set hers and Ruth's clothing afire and Mrs. Schaper died in Silver Cross hospital the same night. There was no other fire in the house, although the blast caused the walls of the home to luge.

The plaintiff is permanently disfigured, with scars on her face, arms, legs and body and she suffers a condition called "claw hands" according to the suit as filed. Her condition, it is claimed has resulted in large medical expenses and will greatly impair her earning power.

Mrs. Frank Liszt Taken by Death

Mrs. Frank Liszt, age 58, of Marley, died Saturday, July 1 after a short illness. The funeral was held Wednesday afternoon, at the Hickory funeral home in Blue Island, with interment in Oak Woods cemetery there.

Mrs. Liszt, with her family, moved to her home north of Mokena three years ago. Previous to that they lived in Palos Park. She took an active interest in the Marley church and community, where she made many friends.

She is survived by her husband, two sons, Frank B. Jr., and James; two daughters, Mrs. Irene Vogt, of Palos Park and Mrs. Betty Jane Sass; two sisters, Mrs. Ida Mahaffay and Miss Cora Hyink; four brothers, William, Frank, Henry and Ben; and three grandchildren, David, Douglas and Kimberley Ann Vogt.

As one strolled among the state-ly tall oaks, walnuts and other trees in the Art Lauffer grove on 167th street, July 4, and mingled with friends, it reminded one of the stories we have heard of pioneer days.

The day was ideal, sun shining and the weather perfect. Cafeteria of home made food tasted better in the out of doors and beneath the trees.

This was the 68th year that the Brotherhood of the Marley church has sponsored this outing and well they may be proud. When the program opened following the serving, Rev. William Bingham, pastor of the church who was in charge, read a poem, "When War Shall Be No More," by Henry Wadsworth Longfellow. It was most fitting to this day even though written many years ago.

The public address system, under the direction of Ralph Tilley, carried well the program to everyone in the area.

After the invocation by Rev. Bingham, and the pledge to the American flag and the Christian flag, led by Ralph Tilley, all sang, "America The Beautiful."

Special music was furnished by Mrs. Jack Gardner, guitar, Helen Swanberg, accordion, who with Priscilla and Esther White sang several numbers. Mrs. Edward Sproat presided at the piano.

Rev. Milton Heitzman, pastor of the Congregational church, at Lockport, was the speaker. He opened his address with the question, "What is it that has made America what it is today?" He briefly outlined the coming to this wilderness-of-country of the Dutch settlers, who diligently and untiringly set about to build their new home in a new land. That meant building roads, houses, schools, churches. That was done by all getting together and working together.

The gathering together of the settlers was likened to the one at the picnic grove that day. That the speaker said, was the Spirit of America. It is an inheritance of responsibility, wherein we, as they, must use our minds and muscles to make a better world. Those settlers believed in freedom. They would never have accepted gifts from a welfare state. Rev. Heitzman said, "The welfare state is a big lie, and only accepted by the selfish." The settlers did their work proudly, and did not ask for something for nothing.

The speaker likened our confused world today to a tree, whose root system has given out and which falls for strange ideologies; Communism, etc. "The greatest threat to our world and people today is that we have lost the spirit of our forefathers," said Rev. Heitzman.

The program closed with the singing of "Onward Christian Soldiers" and the benediction.

PETITION TO REOPEN SCHOOL

The voters of School District 140, Orland Park, are petitioning to have the school reopened. It was closed a year ago when pupils of that school attended at Tinley Park.

In their petition the voters claim that nothing was done to the school property, yet the school tax went up from .458 the last year the school was open to 1.236 the past school term.

The pupils traveled by bus to Tinley Park with only six pupils attending while others of the district went to the parochial school at 159th and Oak Park avenue.

This fall the school district expects an enrollment of about 10 pupils.

Petitioners claim that the cost of the present setup is too great for the added benefits derived.

Ninety-three per cent of the voters in the school district signed the petition.

Joliet Experimental Field Day July 7

All farmers interested in getting the latest results of experiments being conducted by the University of Illinois at the Joliet Experimental field located on Plainfield road are urged to attend Friday afternoon, July 7.

Many fertilizer studies are being conducted on this field that will undoubtedly be of interest to every Will county farmer.

Results of limestone and phosphate applications on this field will also be seen by those present. Unfortunately, in the past, too few of our Will County farmers have taken advantage of this experimental field, located right in Will County.

New Books

The Book Club of Mokena has received a new shipment of books from the state library and it includes books of interest to readers of all ages. The children's books are both fiction and non-fiction, and the reading for adults is of both classics and includes mysteries.

The library is open on Wednesday nights from 7 to 9 o'clock.

Red Probe Questions Unanswered

By Wheeler McMillen, Editor-in-Chief, Pathfinder News Magazine
The Senate investigation of charges by Senator McCarthy has produced one rather peculiar and unanticipated result. It has raised more questions than it has answered. Why did an entire array of Administration Senators think it necessary to gang up on May 3 to try to discredit McCarthy with oratorical attack?
They must know that if there is no proof for McCarthy's charges McCarthy will suffer discredit enough. Why such a mass attack while the investigation was still under way?
The head of the investigating subcommittee, Senator Tydings of Maryland, belongs to the Administration party. He gained national respect when he shared in the successful fight against the disgraceful Roosevelt attempt to pack the United States Supreme Court. He has been mentioned as a possible vice-presidential candidate in 1952. News reports, pretty generally hostile to McCarthy, have not been able to conceal the apparent concern of Tydings that McCarthy might get some help that would damage the State Department.

Senator Jenner of Indiana asked on the Senate floor about the impression created by a committee to "investigate communism in the State Department which takes up its time calling Communists before it and then asking those Communists whether they know whether there are any Communists in the State Department."
That, said Senator Jenner, is "a little like sending Baby Face Nelson to investigate John Dillinger."
One of the witnesses was Earl Browder, long head of American Communists. He was sentenced to four years in Federal jail in 1940 for falsifying a passport application. A little more than a year later President Roosevelt commuted his sentence, but his conviction deprives him of citizenship.

This character was allowed to testify and depart without any cross-examination. Why was such courteous treatment accorded Browder? Budenz, the ex-Communist who testified on the other side, did not get off so easily.

No newspaper I have seen has reported one incredible and probably unprecedented aspect of the investigation. As is customary, the majority members of the investigating subcommittee are provided with a legal counsel. So also are the minority members. Both are paid from legislative funds. The minority counsel is Robert Morris.

As this is written, Mr. Morris has not been allowed to ask a single question. The Democratic majority, Senators Tydings, McMahon of Connecticut and Green of Rhode Island, have overridden every demand by the minority members, Senators Hickenlooper of Iowa and Lodge of Massachusetts, that Morris be allowed to question witnesses. Once Morris was even excluded from the room.

Why did the President decide just before his non-political inspection trip to release some loyalty files but not all—not those on Lattimore and John S. Service?

The Service situation opens up another chapter. He was connected with Amerasia, the small magazine in New York with the big photostat equipment where piles of secret State Department papers were found. Service was headed for Asiatic regions lately on a State Department mission. He was suddenly recalled as the investigation progressed. This recall was reported by the State Department for a "routine re-check" of some sort. But his attorney asked the investigating committee to postpone indefinitely its examination of Service. Meanwhile, the loyalty files pertaining

TIME Has Praise For Dudley J. LeBlanc

TIME Magazine in a recent issue told the fabulous story of Dudley J. LeBlanc, the Medicine King, and described the benefits of HADACOL. The following are excerpts from the TIME story:
"In easygoing Lafayette, La. (pop. 19,210) 425 factory workers bustled each working day last week turning out more than 100,000 bottles of a murky brown liquid that tastes something like bile water, and smells worse. The patent medicine called Hadacol has been such a resounding success in 14 Southern states that its backers expect this year to sell \$20,000,000 worth (in 8-oz. bottles at \$1.25, or in the 24-oz. bottle "jug" at \$3.50).

Very Sassy. The man responsible for the murky brown medicine is Louisiana's plump State Senator Dudley J. LeBlanc, 56, who had to rustle up a new business after he made the mistake of running for governor in 1932 against a Huey Long candidate. Recovering from a bout of rheumatism when his doctors gave him Vitamin B-complex, LeBlanc saw that there was money as well as health in vitamins. He boned up on the subject by reading at home, decided that vitamins would be better if mixed with minerals. Neither an M.D. nor a pharmacist, LeBlanc is plainly a go-getting businessman. He pushed Hadacol with a down-to-earth selling policy that included Hadacol radio programs. *** a fervent appeal to folks' fondness for patent medicines. Testimonials have poured in, extolling the work of Hadacol *** Samples:

From an 80-year-old Mississippi plan: "I was disabled to get over a fence, disable to get up out of chair without help, but after I took eight bottles of Hadacol I can... tie up my own shoes and feel like I can jump over a six-foot fence and getting very sassy."
From a 68-year-old "batchelor" in Georgia: "Hadacol has done so

much for me and I am looking so much better, think I will put a fence around my house to keep the ladies out."

Pep & Strength. Last fall LeBlanc was selling only 150,000 bottles of Hadacol a month when the advertising began to take. Then there was a sudden shortage. After that the medicine enjoyed such a boom that last month around 2,000,000 bottles were sold.

Taking care not to arouse the Food & Drug Administration or the Federal Trade Commission, which have their own views about cure-all nostrums, LeBlanc merely describes Hadacol on the box as a "Dietary Supplement... formulated as an Aid to Nature in rebuilding the Pep, Strength and Energy of Buoyant Health when the System is deficient in the Vitamins and Minerals found in this Tonic..." In short: if it's what you need, it's what you need ***

to Service have been released to him to permit him to prepare his defense in advance of the examination.

The investigation has indeed raised more questions than it has answered. Naturally the country wonders increasingly whether the State Department has so much to keep secret that it has invoked all the powers of the Administration to prevent further disclosures.

LETTERS TO THE EDITOR

July 1, 1950

To the Editor,

June 29 at 10:15 a. m. ten young boys between the age of eleven and thirteen, the Squires of St. George, went on a days outing with another parishioner and myself.

We journeyed 25 miles north to Fullersburg Grove in Dupage county where the boys enjoyed a couple of hours of boating.

An hour after lunch we drove another 15 miles west to a public pool at Neperville, and returned to Tinley Park at 5 p. m.

On the journey home I got to thinking of Tinley Park and I wondered why in such a grand community as ours with everybody so affable and friendly that no one has even proposed a public pool for our children, or if it were proposed did nothing about making it an actuality.

We have money for the older groups, such as our baseball teams, but nothing for the teen-age kids. Most of the young men are working and are well able to pay for their recreational facilities, but the "kiddies" to the contrary.

One can scarcely pick up a newspaper or magazine today without reading one of two things. Either it is a problem of delinquency or it is some plan to curb or cure the problem.

May I suggest that before a problem such as this arises here that we as a whole get together and pool all our extra change toward the construction of a swimming place for the kiddies.

Sincerely,

Rev. Thomas D. O'Connell
Pastor of St. George Church

MARLEY

Mrs. Virginia Saxe
New Lenox 3133

CARD OF THANKS

We are deeply grateful to the neighbors and friends for their sympathy shown us at the time of the death of our father, Bartel Andresen; also to Rev. William Riemann for his kind words, to Arthur Lambrecht, the soloist, and to those who sent flowers.

THE ANDRESEN FAMILY

The Freeman Fellowship met Sunday night in the home of Mr. and Mrs. Edward Sproat. The program was presented by George Jahneke, Jr.

Mr. and Mrs. Carl Wegner were guests this week of Dr. and Mrs. James Martin at Covington, Ind.

Mr. and Mrs. Julian Gorham spent Sunday with Mr. and Mrs. Leonard Zwieg at Rochester, Ind.

Mr. and Mrs. Merle Haley and family of Kempton were guests of Mr. and Mrs. Russel Lauffer, Sunday evening.

Mrs. Ralph Spiecker was feted at a stock shower in the home of Miss DeLoris Cleveland, Tuesday evening. Other hostesses were Miss Marilyn Floyd and Miss Lois Bell. Mrs. Spiecker was presented with a corsage consisting of a rattle tied with blue and pink ribbon. Games were played and the winners were Mrs. Loven Saxe, Mrs. Russel Lauffer, and Mrs. Elmer Tollerud. The prizes were given to the honored guest. Refreshments were served by the hostesses after Mrs. Spiecker had opened her many lovely gifts.

Guests of Mrs. Mary Marshall Friday were Mrs. John Halter of San Jose, Calif., and Mr. and Mrs. Paul Halter of Harvey.

Mr. and Mrs. John Cutler and family of Plainfield, Mich., arrived at the home of Mrs. Madge Storm Monday to spend the Fourth. Mrs. Louise Cutler who has been spending several weeks with relatives in Plainfield, returned with them.

Miss Ann Batten of Chicago is a guest this week of Mr. and Mrs. Loren Saxe.

Mr. and Mrs. Everett Bell and sons spent Sunday with Mr. and Mrs. Leonard Harnening at Palatine.

Louis Saxe underwent an emergency major operation in Silver

Cross hospital Thursday morning. Mrs. John Handorf, Doris, Marion and Ethel Handorf; Mrs. Harwood Stellwagen and daughters Betty Jean and Joan attended a bridal shower for Patricia Harvey in Worth Thursday evening.

Mrs. Harold Spiecker is a surgical patient in St. Joseph's hospital in Joliet.

Guests of Mrs. Alfred Sproat and Lois Saturday night for dinner were Mr. and Mrs. Howard Handorf and daughters, Cathy and Karen and Mr. Durward Killinger.

Miss Kate Haas is a medical patient in St. Joseph's hospital.

Mrs. Madge Storm and Mrs. Robert Corp spent Wednesday with Mrs. M. Mitchell in Pontiac. Mrs. Jane Calson, who has been spending several weeks with her sister Mrs. Mitchell, returned home with them.

Mr. and Mrs. John Handorf attended the wedding of Miss Patricia Harvey and Bernard Beckwith at Worth Sunday.

Mrs. Alfred Sproat, Mrs. Robert Sproat and children, Laurel, David and Miss Lois Sproat were guests Tuesday of Mr. and Mrs. Jesse Cory at Earlville.

Mr. and Mrs. Howard Handorf and family were guests Sunday evening in the George Miller home in Ridgeville.

IN MEMORIAM

CAPPEL, — Elizabeth Helen. In memory of our mother who passed away four years ago July 8.

One who bore the sweetest name
And did for every one the same,
Who shared our joys, who
cheers

When sad. The greatest friend
We ever had. Gone is she now,
And there is no other, who
Could take the place of our
Dear mother.

WALTER, RUTH
JON TERRY

Mr. and Mrs. Raymond Johnson and son from Long Beach, New Jersey, spent last week with his aunt and uncle, Mr. and Mrs. Anton Benson. Mr. Johnson is a sports writer on one of the daily papers there. They came by auto.

Mrs. Fred Rauch attended the wedding of her nephew William Pinner in Batavia Friday evening.

Mr. and Mrs. Fred Rauch and family will attend the birthday celebration of her grandmother, Mrs. Mary Grubb, who will be 102 years old on July 7. The celebration will be held on the 9th in the home of the celebrant's daughter, Mrs. William H. Ohr in Austin. Mrs. Grubb has been a frequent visitor at the Rauch home. She is in good health and enjoys the radio and reading.

Fred Robinson, who was ill in St. Joseph's hospital with pneumonia, returned home Saturday. He is spending some time in the home of his brother in Midlothian to recuperate.

Mary Ann Dunn of Mattoon arrived Monday to spend a vacation with her friend Audrey Neithammer.

Mr. and Mrs. Merle Haley and family of Kempton spent Sunday with their aunt and uncle, Mr. and Mrs. Elmer Cooper.

Mr. and Mrs. W. E. Houchin of St. Petersburg, Fla. arrived in Mokena last Wednesday. They are cousins of the Semmler family. They are living in their trailer at Park View east of Joliet.

The teachers of the Methodist Sunday school will meet with Mrs. Hugo Neithammer Friday evening.

Mr. and Mrs. Roy T. Richardson and son Gordon and grandfather of Chicago have purchased the home occupied by the Guthrie family on Front street. They moved into it Friday.

Carole Carpenter, daughter of Mr. and Mrs. Harold Carpenter, has been accepted for the class which will enter Silver Cross School of Nursing, Joliet, in late August. She is a graduate of Joliet Township high school.

Twenty eight girls have been ac-

cepted for the next class but Silver Cross is still receiving applications and will hold another pre-entrance test about the middle of July. Scholarships are available for girls who have graduated in the upper one-third of their high school class and who stand high in nursing aptitude tests. Also, illustrated literature on the school may be obtained by writing Director, Silver Cross Hospital School of Nursing, Joliet, the school announcement states.

Miss Sheila Christie of Joliet spent Sunday with Audrey Neithammer. In the afternoon they and Audrey's parents motored to the Dunes at Indiana where they spent several pleasant hours.

Dennis Christensen, six year old son of Mr. and Mrs. Arnold Christensen, suffered a serious injury when the end gate of his father's truck fell on him Saturday. He was removed to Silver Cross hospital where x-rays showed his upper right leg was broken. He was removed to his home Monday where he will remain in the cast for eight weeks.

Mrs. Eino Saarela of Frankfort returned Monday from a week's visit with her parents at Stillwater, Minn.

The choir of the Methodist church will meet in the church Friday evening at 7 o'clock.

Gus Long underwent an emergency appendectomy in Silver Cross hospital Monday night.

Mr. and Mrs. Robert Hohenstein and family left Friday evening by motor for a trip to Washington, D. C., where they will visit his sister Emma and family. They expect to return Monday.

Mr. and Mrs. Irwin Rabinov and son Keith moved back to their Mokena home last week end. The Osborne family who have been living in the Rabinov home, moved to New Lenox where they purchased a home.

Miss Paula Muehler of Mokena is the guest of Miss Kaye Wies.

Mr. and Mrs. George Carroll and son of Chicago were recent visitors in the Martin Jungles home.

Club Picnic

The Homer Woman's club will hold its annual picnic at Dellwood Park, Wednesday, July 12. Mrs. C. G. Rowley, the general chairman, will be assisted by a committee of nine. This is the closing meeting of the season.

Post Nuptial Shower

Mrs. Alvin Welter, formerly Arlene Reiter, was the guest of honor at a miscellaneous shower Thursday evening, June 29 in the George Welter home; the hostesses were Mrs. Owen Storm, Mrs. Bruce Anderson and Mrs. Marion Ziesemer. Buncos was played progressively and prizes were won by Mrs. George Boyce, Mrs. Herman Hartman, Mrs. Donald Dunn and Mrs. Barney Welter. Duplicate prizes were presented the new Mrs. Welter.

Dainty refreshments were served at foursome tables to the more than 40 guests. The bride was assisted in opening her many lovely gifts by her cousin, Miss Dorothy Reiter, from Manteno.

Homer Church Services

Sunday school, with classes for all ages, begins at 9:45 a. m., each Sunday, followed by worship service at 10:45.

Mrs. Henry Rodgers, music chairman, is asking the junior choir to meet next Sunday at 9:30 for rehearsal.

Under The Cross Of Malta

I guess I'll have to buy a bicycle like the office boy has. I have been chasing around trying to find some news for this column.

We have a dance coming up on the 22nd of July, so I was chasing around looking for Comrade Robinson to get the dope on it. Because I didn't have a bicycle, I did not catch up with him. I guess he was on a bicycle getting floats lined up for the Homecoming parade.

I am sure there will be a dance anyway, and I'll get the dope on

Handy Tips for Vacation Travelers

No one is better qualified to advise on railroad travel than those who are frequent users of trains. Every day, Canadian National Railways' trains carry thou-

sands of these veteran travelers who, through experience, have discovered many ways to increase the comfort and pleasure of a journey.

Pouring coffee usually doesn't require a great deal of ingenuity. However, on a fast train, in spite of the smooth roadbed, the swaying of the dining car may cause the steady pouring hand to miss the cup. Experience has shown that spilling can be avoided by holding the cup and saucer in one hand and the coffee pot in the other. Liquids frequently show a tendency to splash over the lip of the cup.

This can be prevented if a spoon is placed in the cup, as the spoon has the effect of breaking the waves created by the motion of the train.

In the rush of leaving a train, it is easy to forget personal items. The experienced traveler has found that a few minutes spent making sure he has everything with him can prevent worry and save the loss of valuable hours afterward. The ease with which passengers can forget articles is proven by the fact that at Montreal alone, the lost and found department of the Canadian National Railways each

year handles more than 7,000 personal items that have been left on trains.

Many traveling bags are manufactured on a mass production basis. Therefore, it is more than likely that red caps will handle several suitcases exactly like yours when you arrive at your destination. For this reason those who know find it worth while always to take a second look before claiming a bag.

A further precaution against mistaken identity of baggage is the use of a tag firmly secured to the bag and listing the owner's name and address.

In the bustle and bustle it is not unreasonable to assume that a traveler may lose track of the red cap who has his bags. If this should happen the porter can be located without difficulty if the passenger has noted the number on his cap.

Passenger cars are designed to give each person ample space for traveling comfort. However you will be cramped if you board your coach, parlor car or compartment with several large suitcases. To avoid such congestion those experienced in travel have found it wise to have all surplus baggage checked in the baggage car and to keep with them only the things needed on the journey.

If you dislike dressing and undressing in an upper berth, bring a dressing gown with you. Then you can use the dressing room for both of these purposes.

Railway travel is designed to be pleasant and comfortable but slight mishaps can occur to mar the pleasure of a trip. The seasoned traveler has found that by exercising a little caution, complete relaxation and enjoyment are to be had on any trip.

it for next week.

In the meantime, I think we should invite any new recruits to join our organization. Sometime in September we are having the grand opening of our new home and public obligation of recruits. Efforts are being made to get the ritual team from Winfield Scott Post No. 2193 of Maywood to come here to give the obligation. We need more members and every veteran owes it to himself to affiliate himself with some veterans organization. The VFW gives a great service to any veterans who are in need of help, both in Congress and getting hearings to get pensions or disability

claims allowed. Marshall Muller is our service officer and he is a valuable man to meet if any of you want help in any way.—Eino L. Saarela, publicity.

Development of Corn Borer Delayed

"Reports indicate that the cool days and high winds near the lake in Northern Illinois, has delayed corn borer egg laying," states Farm Adviser C. A. Hughes. From this it would appear that any treatment of corn should begin possibly after July 1st. We advise farmers to watch for egg masses on their corn plants to figure out the proper time to spray. Usually when egg masses appear spraying should be done in about four or five days. For field corn one spraying will be most effective. For sweet corn certainly more spraying will be needed."

20 Million Pounds Is Weight of Child City House of God

More than 10,000 tons of material were used in the building of the "House of God" now nearing completion in the famed Loyal Order of Moose "Child City", according to statistics released by Franklin G. Elwood, supervising architect. These 20 million pounds of materials include cement, sand, gravel, steel, common brick, Lannon stone, limestone, plastering materials, metal lath, wood trim and tile only and does not include several hundred additional tons which constitute the world's largest tubular carillon, especially constructed leaded stained

glass windows, one of the nation's largest pipe organs installed in the main auditorium, electric organs serving the Catholics and Protestant Chapels, and other furnishings he said.

More than one million common bricks were used in building this, the first non-denominational church in the world outside of military reservations, and more than one thousand tons of limestone was used on the exterior and interior. Some of the huge stones in the arch of the large east window of the main church weighed over 3800 pounds each and had to be lifted into position by means of an especially built crane.

There are 250,000 feet of wiring which makes up the electrical facilities of the "House of God". Mr. Elwood stated, and adjustable spotlights will throw 5000 watts of light on the main altar. The building will have its own transformer vault with three transformers of the dry type, air-cooled. These transformers will each carry a voltage of 2300.

The weight of the "Tower of Tolerance", housing the huge carillon, will be in excess of three million pounds, according to Elwood.

The "House of God" will be dedicated August 20th of this year as the opening ceremonies of the 62nd annual International Convention of the Order which will be held at Mooseheart and Chicago. More than 50,000 persons are expected to converge on the "Child City" for the dedication.

Output of frozen orange juice last season amounted to 12 million gallons, accounting for one tenth of the total orange crop, reports the USDA.

God's Greatest

Lesson for July 9, 1950

A GREAT man cannot always be seen at close range. His contemporaries may not know what to make of him. Current celebrities outshine him, his enemies cry him down, circumstances hide his true greatness. You have to stand off from him, perhaps several centuries away, before you can see his true height. Great men are like tall mountains; within a few miles of them, the traveler cannot see them for the masses of smaller ridges and peaks that hide the distant view. Only far out on the plain can we see the great peak towering into the blue.

Dr. Foreman

Not Much Chance MOSES was such a man. At many times in his life, if you had been there, you would have thought he had very little chance to live, much less to succeed. Suppose you had seen him in the first three months of his life? He was born under a death sentence; his parents were breaking the law of the land by keeping him alive at all.

Then later if you had seen him in his sea-going bassinet among the reeds in the river, you might have thought: Will the contraption float? Even if a princess finds the baby, won't she know what he is and send him straight off to be killed?

Or years later, when Moses was a sort of pampered stepson of the palace, what promise was in him? Pharaoh's court was full always of proud young fellows spoiling for a fight. Moses might have looked to you just like another useless aristocrat. And then when Moses was out in the wilds, tending another man's sheep, married to an ignorant back-country lass who never understood him in the least; would you have put much faith in that discouraged old ranch-hand?

God's Man BUT don't judge a man by what his contemporaries say. We know now, we have known for centuries, that Moses was one of God's greatest and best.

Consider what the world owes to that man. Of all his services, let us note three in particular. For one thing, we trace the Ten Commandments back to him. Not that he was the first to call stealing or adultery or greediness wicked; men have known as much since early times. But we do associate the Ten Commandments with Moses' name. He preached and taught that religion is ethical; that is, right living is tied in with and tied up to right religion.

Faith and life flow into and support each other. Some religions declare that if a man pleases God that is all that matters; he can ride his neighbors as he pleases. Other religions (or substitutes for religion) say that if a man treats other men right he can let God go. Not so Moses; not so the Jews nor the Christians!

Moses was also the man through whom God revealed some of the most important truths we know about God. Moses taught his people, and through them teaches us, of a spiritual God, not like anything "in heaven above or the earth beneath or in the waters under the earth." God has "no manner of form." God is pure spirit, without a body like men or like anything.

To this day men find that hard to take in; but it is an important truth for any one who wants to think truly about God and to find him.

Moses and Christ ABOVE all, there would have been no Christianity if Moses had never lived, or if he had failed. If the children of Israel had done what they wanted to do, slink back to Egypt and slavery, the whole great history of the Old Testament would have been unwritten. Poets and prophets would have died unborn.

But he would have had to make a start somewhere else besides with the Hebrew people, and the whole history of religion would have been different. There would have been no New Testament without the Old Testament.

Even Jesus of Nazareth either would not have been at all, or would have been entirely different, if it had not been for the whole background of the Hebrew story, in which Moses played such a leading part. If the world owes a debt to Christianity (and what a debt!), it owes also a tribute to Moses.

water
IT'S HOT WEATHER!
Time to get an automatic
GAS Water Heater!

So Automatic...

A GAS water heater automatically keeps you supplied with abundant hot water. Just turn the tap... and there it is!

Such quick recovery...

A GAS water heater replaces used hot water fast... draw some off and more is heated. There's always hot water—even after doing the laundry.

Most dependable...

An automatic GAS water heater is always on the job. You never even have to think about hot water... it's just there when you need it.

And very economical...

Just a few cents a day gives you the luxury and convenience of hot water at the turn of a tap... with a GAS water heater.

Your summer (and all the other seasons) will really be carefree if you have an automatic GAS water heater. No more bothersome trips to the basement an hour before you want to take a bath... no more worrying about accidentally leaving a water heater on too long. When you have a cool, economical GAS water heater you'll have plenty of hot water automatically... 24 hours a day!

See your plumber, appliance dealer or our nearest store. SMALL DOWN PAYMENT... and up to 24 months to pay balance with your Service Bill.

Member Federal Savings and Loan Insurance Corporation

Speaker Asserted Govern. Has Failed This Generation

In a hard-hitting inaugural broadcast June 27, Dr. Elmer L. Henderson of Louisville, Kentucky, new president of the American Medical association, charged that "the administrative arm of our Government has failed us in this generation."

The fighting doctor from Kentucky, who took his oath of office

at an open meeting of the A. M. A. House of Delegates at San Francisco, flatly accused "little men with a lust for power" in the executive branch of the Government of seeking to make America "a Socialist State in the pathetic pattern of the socially and economically bankrupt Nations of Europe."

A Sick Government

The Administration in Washington, asserted Dr. Henderson, is "sick with intellectual dishonesty, with avarice, with moral laxity and with reckless excesses."

That condition must be changed,

he declared, "if we are to survive as a strong, free people" and he called upon all of the American people to share the responsibility and to uphold the Nation's ideals of freedom.

Under Socialism, Liberty Dies!

"These men of little faith in the American people propose to place all our people, doctors and patients alike, under a shabby, Government-dictated medical system which they call Compulsory Health Insurance. But it is not just socialized medicine which they seek. Their real objective is to gain control over all fields of human endeavor—and to strip the American people of self-determination and self-government."

"There is only one essential difference between Socialism and Communism. Under State Socialism human liberty and human dignity die a little more slowly, but they die just as surely."

"It is not American medicine which has failed to measure up to its obligations," Dr. Henderson said. "It is not American business nor American agriculture which has failed—nor the fine, loyal working people of America who have failed."

"It is the administrative arm of our Government in Washington which has failed us in this generation."

"If it were not for the leadership of the American press, in defending our fundamental liberties, American medicine, even now, might be socialized—and under the heel of political dictation."

"The newspapers of America, with few exceptions, have taken a strong stand, not only against socialized medicine, but against all forms of State Socialism in this country—and the doctors of America are proud to take their stand beside the fighting editors of America in the battle to save our freedom and the system of individual initiative which maintains it."

"This is the spirit, and these are the very methods, which Government domination of medical practice would destroy."

Voluntary Way Is American Way

Declaring that the Nation's medical care problems can be determined "without compulsory payroll taxes and without political pressure," Dr. Henderson pointed out that approximately half the population of the country already has enrolled in Voluntary Health Insurance plans "to take the economic shock out of illness."

Said Dr. Henderson:

"Within the next three years, in the opinion of leading medical economists, 30 million persons will be enrolled in the Voluntary prepaid medical plans—and when that number has been reached, the problem will have been largely settled."

HAUCK OIL CO.

Route 30, New Lenox

Our School Problem

Our School Problem 1-14 Inside
Location of Will County Non-High School Territory

Those areas of Will County which are not within districts offering high school education comprise the Will County non-high school district. At present this district includes 24 sections of Dupage township, all or parts of 12 sections at the south end of Plainfield township, approximately 22 sections in Troy township, approximately 15 sections of Channahon township, approximately 25 sections of Wesley township, all of Florence, Jackson, New Lenox, Frankfort townships, and the north 24 sections of Manhattan township.

Administration.
A non-high school district is administered by a board of education of three members elected at large, with the county superintendent serving as secretary ex officio. The non-high school board of education has the power to levy taxes and pay the tuition of resident students who are attending the high schools most convenient for them. If the non-high school board of education has sufficient funds after the payment of all other expenses of the district, it must provide free transportation for the pupils of the district who do not live within one and one-half miles of a high school which they may lawfully attend. The present tax rate of the non-high school district is 40 cents on each \$100.00 of equalized assessed valuation. The 1949 assessed valuation of the non-high school territory in Will County was \$43,952,875.

Legislation For Dissolution.
The 1949 session of the General Assembly of Illinois passed laws providing for the dissolution of all non-high school territory within the state as of June 30, 1953. After that date the boards of education or boards of directors of underlying elementary school districts must provide free transportation and tuition for all of the residents who are eligible and wish to attend high school unless high schools are maintained in those underlying school districts.

Legal Choices Which Non-High School Residents May Make

Two alternatives other than the ones mentioned immediately above are open to people residing in non-high school territory. One of these alternatives would be to annex to adjoining districts which provide high school education. The other would be to create out of portions of the non-high school territory new districts offering high school education.

Two Ways of Annexing to Adjacent High School Districts.

First, non-high school territory of any size described in a petition may detach itself from a non-high school district and annex to an adjacent high school district, provided the combined territory to be added is compact and contiguous. Such a petition must be signed by (at least 50 or 20% of the voters (which ever is less) who reside in the non-high school territory petitioning annexation. The petition must also be signed by 50 voters or 20% (which ever is less) who reside in the adjacent community, township, or consolidated high school district involved in the annexation. Upon receipt of such a petition, the county superintendent must call an election to be held within 30 days. If majorities of the votes cast in the election in the territory to be detached and in the district to which the territory is to be annexed (counted separately) are in favor of the boundary changes, the annexation is in force. No territory involved in any petition of detachment shall again be involved in an identical petition oftener than once in two years.

Secondly, the county superintendent, upon his own initiative, may set a public hearing at his office to consider detaching non-high school territory from the non-high school district and annexing it to an adjacent high school district. At such hearing the county superintendent listens to reasons for and against the change and can grant or deny the boundary change under consideration.

Territory thus annexed to a high school district becomes a part of the high school district, enjoying the educational privileges enjoyed by any resident of the high school district, and paying identical rates of taxation.

Territory May Be Detached From High School Districts.

Territory may be detached from one high school district and added to another when it is compact and contiguous, and when it is adjacent to the district to which it proposes annexation, if the school to which it proposes annexation is more reasonably located for the comfort and convenience of high school pupils. The detachment of the territory must not make it impossible for the original district to meet recognition standards of the superintendent of public instruction, and must not reduce the equalized assessed valuation of the original district below five million dollars. Territory may be detached from a high school district and added to an adjacent district when petitioned by majority of voters residing in the district containing the territory desiring to be detached or when petitioned by two-thirds of the voters residing within the territory seeking detachment.

Annexation to a High School District Does Not Disturb Grade Schools.

Annexation of any non-high school territory to an adjacent high school district means that the underlying elementary school districts remain undisturbed.

(Continued next week)

Don't tell your feathered friends, but the worms they get in your neighborhood are mighty slim pickins' compared to those available in parts of Australia and South America. We read in Childcraft books that the giant earthworms of those countries often are an inch thick and about seven feet long; each one a feast for a flock of birds.

FIGHTING EDITOR

CHRISTOPHER, ILL.—The campaign of Victor C. Leiker, 33-year-old editor of the weekly Christopher Progress here, against irregularities in relief administration has brought gratifying results. Four townships were notified they will lose their state grants of more than \$60,000 a month unless they show evidence that the irregularities have been cleared up.

Leiker pressed his campaign against boss rule despite the loss of substantial advertising accounts.

Since Kentucky bluegrass is more or less inactive in hot weather, the chief effect of frequent light lawn sprinklings is to encourage the growth of crabgrass, an undesirable lawn plant.

CHEMICAL CROP PRESERVATIVE IN Hay - Grain - Fodder and Ground Feed

Scientific tests show that 90% of the Vitamin A and 70% of the protein in Alfalfa is in the leaves. To protect good value, you must harvest hay while tough so that leaves will not be lost, and avoid excessive sun curing. VHC-9 will make it possible for you to do this without danger of mildew, rot, mold, or heat. VHC-9 is a blue powder chemical crop preservative, equally effective in protecting nutritional value in grain and roughage. VHC-9 application equipment available for balers, blowers, and elevators.

ROLL-O-MATIC

one more reason why John Deere is first choice of the tractor-wise!

One trip across the field behind the wheel of a John Deere Tractor equipped with Roll-O-Matic "knee-action" front wheels and you'll agree—there's nothing like it for driving ease... riding comfort.

It's easier steering... smoother, surer-footed operation all the way—over rough ground, on top of beds, along contours, in practically every operating condition. There's no fighting the wheel, no creeping or weaving from side to side.

Roll-O-Matic reduces front-end bounce because up-and-down movement of the front end is cut exactly in half. Front tire life is prolonged because the load is shared equally by both front wheels.

Roll-O-Matic is but one of many John Deere Tractor features. Ask us for a free demonstration the next time you're in town.

In addition, John Deere Tractors offer:

- OUTSTANDING ECONOMY
- GREATER DEPENDABILITY
- LONGER LIFE
- GREATER COMFORT
- OUTSTANDING QUALITY
- EASIER HANDLING
- EASIER MAINTENANCE
- COMPLETE INTEGRAL EQUIPMENT
- UNEXCELLED VIEW
- GREATER ADAPTABILITY

Legal Notice

NOTICE OF ELECTION
C S 50-176

Notice is hereby given that on the 22nd day of July, A. D. 1950, an election will be held at the Kirby Elementary School, 171st Street near 80th Avenue, Orland Township, Cook County, Illinois for the purpose of voting "For" or "Against" the proposition to detach former school District No. 140 from Community Consolidated School District No. 146, and organizing same as a Common School District, in accordance with the statutes made and provided in such cases.

The election is called and will be held pursuant to a petition filed in the office of the County Superintendent of Schools of Cook County, Illinois on June 26, 1950 by persons constituting one-half or more of the legal voters of said former school district No. 140.

The polls will be opened at 12:00 Noon, Central Daylight Saving Time, and closed at 9:00 p. m., Central Daylight Saving Time of the same date.

Dated this 30th day of June, A. D. 1950.

EDWARD B. SIMON,
County Superintendent of Schools,
Cook County, Illinois

July 6

NOTICE OF SCHOOL ELECTION

Notice is hereby given that on the 29th day of July, 1950, a Special Election will be held in School District Number 158, Will County, Illinois, for the purpose of submitting to the legal voters of said school district, the following proposition, viz:

Shall the Board of Directors of School District Number 158, Will County, Illinois, be authorized to levy annually a tax of more than .50 per cent but not more than .55 per cent upon all the taxable property within said School District for educational purposes?

It is estimated that the approximate amount extendable under the proposed rate will be \$3881.00 and the approximate amount extendable under the rate otherwise applicable is \$1856.00, to the next taxes to be extended such amounts being computed upon the last known full, fair cash value.

POLLING PLACE

That for this purpose of said election, the polling place will be located in the Cleveland School in said school district.

The polls at such election will be opened at 12:00 Noon and closed at 7:00 P.M. on said date.

Dated this 3rd day of July, 1950.
By order of the Board of Directors of School District Number 158, Will County, Illinois.

MARION OWEN,
President, Board of Directors of School District Number 158, Will County, Illinois.

Attest:
Mrs. Ella DePorto, Clerk,
Board of Directors of School District Number 158, Will County, Illinois
July 6

NOTICE OF SPECIAL ELECTION

Notice is hereby given that on Saturday the 22nd day of July, 1950, an election will be held within the territory hereinafter described and at the polling places herein-after designated for the purpose of voting for or against the proposition to establish a Community High School for the benefit of the inhabitants of the following described contiguous and compact territory, to-wit:

All of the South East Quarter (SE $\frac{1}{4}$) of Section One (1) and all of Sections Seven (7), Eight (8), Nine (9), Ten (10), Eleven (11), Twelve (12), Thirteen (13), Fourteen (14), Fifteen (15), Sixteen (16), Seventeen (17), the South Half (S $\frac{1}{2}$) of Section Nineteen (19), Section Twenty (20), Section Twenty-one (21), Section Twenty-two (22), Section Twenty-three (23), Section Twenty-four (24), Section Twenty-five (25), Section Twenty-six (26), Section Twenty-seven (27), Section Twenty-eight (28), Section Twenty-nine (29), Section Thirty (30), Section Thirty-one (31), Section Thirty-two (32), Section Thirty-three (33), Section Thirty-four (34), Section Thirty-five (35), and Section Thirty-six (36) North, Range Thirteen (13), East of the Third Principal Meridian, in Cook County, Illinois, said territory consisting of all of Bremen Township, except the North half (N $\frac{1}{2}$) of Section One (1), the South West Quarter (SW $\frac{1}{4}$) of Section One (1), Sections Two (2), Three (3), Four (4), Five (5), Six (6), Eighteen (18), and the North Half (N $\frac{1}{2}$) of Section Nineteen (19) of Township Thirty-six (36) North, Range Thirteen (13), East of the Third Principal Meridian, in Cook County, Illinois.

For the purpose of said election, the said territory has been divided into nine (9) election precincts, the boundaries of which and the polling place for each being as follows:

Precinct Number 1
Precinct Number 1 shall constitute that part of Non-High School District Number 216, Cook County, Illinois lying within the corporate limits of the Village of Posen, and also all unincorporated territory of said school district located within and bounded as follows: On the North by the center of 139th Street from the center of Western Avenue to the center of California Avenue, and by the center of 143rd Street from California Avenue to the center of 146th Street and Harrison, Posen, Cook County, Illinois.

Precinct Number 2
Precinct Number 2 shall constitute that part of Non-High School District Number 216, Cook County, Illinois, lying within the corporate limits of the Village of Midlothian, and also all unincorporated territory of said school district located within and bounded as follows: On the North by the center of 139th Street from the center of Western Avenue to the center of California Avenue, and by the center of 143rd Street from California Avenue to the center of 146th Street and Harrison, Posen, Cook County, Illinois.

Precinct Number 3
Precinct Number 3 shall constitute that part of Non-High School District Number 216, Cook County, Illinois, lying within the corporate limits of the Village of Midlothian, and also all unincorporated territory of said school district located within and bounded as follows: On the North by the center of 139th Street from the center of Western Avenue to the center of California Avenue, and by the center of 143rd Street from California Avenue to the center of 146th Street and Harrison, Posen, Cook County, Illinois.

Precinct Number 4
Precinct Number 4 shall constitute that part of Non-High School District Number 216, Cook County, Illinois, lying within the corporate limits of the Village of Midlothian, and also all unincorporated territory of said school district located within and bounded as follows: On the North by the center of 139th Street from the center of Western Avenue to the center of California Avenue, and by the center of 143rd Street from California Avenue to the center of 146th Street and Harrison, Posen, Cook County, Illinois.

Precinct Number 5
Precinct Number 5 shall constitute that part of Non-High School District Number 216, Cook County, Illinois, lying within the corporate limits of the Village of Midlothian, and also all unincorporated territory of said school district located within and bounded as follows: On the North by the center of 139th Street from the center of Western Avenue to the center of California Avenue, and by the center of 143rd Street from California Avenue to the center of 146th Street and Harrison, Posen, Cook County, Illinois.

Precinct Number 6
Precinct Number 6 shall constitute that part of Non-High School District Number 216, Cook County, Illinois, lying within the corporate limits of the Village of Midlothian, and also all unincorporated territory of said school district located within and bounded as follows: On the North by the center of 139th Street from the center of Western Avenue to the center of California Avenue, and by the center of 143rd Street from California Avenue to the center of 146th Street and Harrison, Posen, Cook County, Illinois.

Precinct Number 7
Precinct Number 7 shall constitute that part of Non-High School District Number 216, Cook County, Illinois, lying within the corporate limits of the Village of Midlothian, and also all unincorporated territory of said school district located within and bounded as follows: On the North by the center of 139th Street from the center of Western Avenue to the center of California Avenue, and by the center of 143rd Street from California Avenue to the center of 146th Street and Harrison, Posen, Cook County, Illinois.

Precinct Number 8
Precinct Number 8 shall constitute that part of Non-High School District Number 216, Cook County, Illinois, lying within the corporate limits of the Village of Midlothian, and also all unincorporated territory of said school district located within and bounded as follows: On the North by the center of 139th Street from the center of Western Avenue to the center of California Avenue, and by the center of 143rd Street from California Avenue to the center of 146th Street and Harrison, Posen, Cook County, Illinois.

Precinct Number 9
Precinct Number 9 shall constitute that part of Non-High School District Number 216, Cook County, Illinois, lying within the corporate limits of the Village of Midlothian, and also all unincorporated territory of said school district located within and bounded as follows: On the North by the center of 139th Street from the center of Western Avenue to the center of California Avenue, and by the center of 143rd Street from California Avenue to the center of 146th Street and Harrison, Posen, Cook County, Illinois.

Precinct Number 10
Precinct Number 10 shall constitute that part of Non-High School District Number 216, Cook County, Illinois, lying within the corporate limits of the Village of Midlothian, and also all unincorporated territory of said school district located within and bounded as follows: On the North by the center of 139th Street from the center of Western Avenue to the center of California Avenue, and by the center of 143rd Street from California Avenue to the center of 146th Street and Harrison, Posen, Cook County, Illinois.

Precinct Number 11
Precinct Number 11 shall constitute that part of Non-High School District Number 216, Cook County, Illinois, lying within the corporate limits of the Village of Midlothian, and also all unincorporated territory of said school district located within and bounded as follows: On the North by the center of 139th Street from the center of Western Avenue to the center of California Avenue, and by the center of 143rd Street from California Avenue to the center of 146th Street and Harrison, Posen, Cook County, Illinois.

tory of said school district located within and bounded as follows: On the North by West 143rd Street; on the West by Kenton Avenue; on the South by 155th Street; and on the East by Kedzie Avenue.

Polling Place: Midlothian Public School Building, 14620 Harding Avenue, Midlothian, Cook County, Illinois.

Precinct Number 3

NOTICE OF SPECIAL ELECTION
School District Number 159
WILL COUNTY, ILLINOIS

NOTICE is hereby given that on Saturday, the 22nd day of July, 1950, a special election will be held in and for School District Number 159, Will County, Illinois, for the purpose of submitting to the voters of said School District the following propositions:

1. Shall the School Directors of District Number 159, Will County, Illinois, build an addition to the present school building now owned and used by said School District for school purposes and known as the Mokena Grade School?

2. Shall the School Directors of District Number 159, Will County, Illinois, issue bonds of said School District in the amount of \$55,000 for the purpose of building an addition to the present school building now owned and used by said School District for school purposes and known as the Mokena Grade School, said bonds to become due \$2,000 on January 1 of each of the years 1952 and 1953, and \$3,000 on January 1 of each of the years 1954 to 1970, inclusive, bonds due in the years 1952 to 1956, inclusive, to bear interest at the rate of two and one-half per cent (2 $\frac{1}{2}$ %) per annum and bonds due in the years 1957 to 1970, inclusive, to bear interest at the rate of two and three-quarters per cent (2 $\frac{3}{4}$ %) per annum, payable semi-annually?

For said election said School District shall constitute one voting precinct and the polling place for said election shall be the Village Hall, Mokena, Illinois.

The polls at said election will be opened at twelve o'clock noon and will close at seven o'clock P. M. of said day.

By order of the School Directors of District Number 159, County of Will and State of Illinois.

Dated this 11th day of June, 1950.

ELMER COOPER,
President, Board of School Directors

LAWRENCE KOHL,
Clerk, Board of School Directors

Miss Shirley Tarrant was the honored guest at a party honoring her thirteenth birthday anniversary Sunday, June 25, at the home of her parents, Mr. and Mrs. John Tarrant. Games were played and square dancing was enjoyed. The honored guest received many nice gifts from the group, after which a supper of bar-b-que and Coke and ice cream, and cake were served by Mrs. Tarrant. Guests were: the Misses, Paula Goldschmidt, Sylvia Terrando, Marna Harnack, Bonita Kirkland, Cary Robinson, Carol Stockley, Patricia Knowles, Son Hunt, Roger and Rodney Denning, and Harry Hodges.

The Misses Shirley Tarrant and Carol Stockley spent the past week in Campus, with Mr. and Mrs. Philip Zellar, grandparents of Shirley. Mrs. Earl Schroeder and daughters are visiting with her parents, Mr. and Mrs. A. W. Walsh in Saukatum, Mich.

Karen Braun is spending this week with the Roscoe Ridgeway family while her parents are vacationing in northern Minnesota.

Mrs. John Warning, Mrs. John Embling and Kathy, Mrs. Frank Doyle and Johnny Warning, left early Sunday morning for Monongahela, Pa. where they will visit for a week, with Mr. and Mrs. Clarence Warning and family.

Mrs. Arthur Rowsell and daughters Jean, Evelyn, and Sue have returned home from a week's visit with Mrs. Rowsell's mother, Mrs. Martha Koch at Highland Park.

The Hammond circle of the Methodist church met Tuesday night, June 27 in the McCulloch Tea room in Joliet, for their regular monthly meeting. Mrs. James Hammond, newly elected president, conducted the business meeting. Plans were made for the annual picnic to be held next month in the Van Horn woods. Plans were also made for the annual bazaar to be held in September. Mrs. F. C. Cole gave an interesting reading. Dessert-coffee was served at the close of the meeting.

Mrs. Rolland Waide and children Diane and Dennis left Saturday morning for Alto where they will visit Dr. and Mrs. Don Wiebmer and family this week. Johnny Waide, who has been visiting with his aunt and uncle, will return home with his mother.

Mr. and Mrs. Harvey Frick and daughters and Norma Harvell, returned home Wednesday from their summer home on Lake Hancock at Harshaw, Wis., where they spent the past two weeks.

Jill Knowles returned home Thursday night after a few days visit with her aunt and uncle, Mr. and Mrs. Jerry Knowles and family in Joliet.

Mr. and Mrs. Arthur Dittmer and children Sally and Dwight have returned to their home in Chicago after spending several days here with her parents, Mr. and Mrs. Robert Darling.

Miss Carol Collatz entertained at a miscellaneous shower last Thursday night in the home of her grandmother, Mrs. Octavia Pugh, honoring her cousin, Mrs. Joyce Barrowman, a recent bride. Airplane bun-

co was played at four tables and prizes were won by Mrs. Marie Gillette, Mrs. Flossie Corp, and Miss Caroline Bentley. Duplicate prizes were awarded to the honored guest. Many lovely gifts were presented to the new bride, who was assisted in opening them by Miss Collatz, who was her maid of honor at the wedding. Dessert-coffee was served at quartet tables which were decorated in pastel colors, yellow, blue, pink and green. A beautiful bouquet of red roses centered the lace covered dining room table. Guests were: Mrs. Herman Cassing, Mrs. John Ryan, Miss Virginia Knox, Miss Dolores Gustafson, and Mrs. Alfred Engels of Joliet; Miss Donna Williams of Mokena; Mrs. Frank Doyle, of Manhattan; Miss Caroline Bentley and Mrs. J. R. Bentley, Mrs. John Warning, Mrs. Leonard Warning, Mrs. Alfred Embley, Mrs. Burton Gillette, Mrs. Donald Mangun, Mrs. Robert Stockley, Mrs. Archie Corp, Mrs. Octavia Pugh, Mrs. William Collatz, Mrs. John Embling, and Mrs. Len Anderson, the honored guest and hostess.

Mr. and Mrs. Len Anderson and children and Karen Braun enjoyed a picnic supper at Cedar Lake, Indiana Sunday.

Miss Patricia Knowles left Sunday to spend a week in Chicago with her aunt Mrs. Gene O'Connor and children.

Mr. and Mrs. Robert Darling spent the weekend in Milwaukee, Wis. with relatives.

Sunday August 6 is the date set for the annual picnic and dinner sponsored by St. Jude's Catholic church. The picnic this year will be held at the new school grounds.

Mr. and Mrs. Ernest Oram, Jr., and family entertained in their home at a family picnic and reunion on the Fourth. Party guests were present from Manhattan, New Lenox and Joliet.

Columbus Manor

Sunday, July 2, Tinley Park visited Columbus Manor and took a 9 to 2 lacing.

Columbus Manor pecked away at Rice's offerings and wound up with a total of 12 hits and 9 runs.

The Tinley boys found the combined pitching of Hanus and McCarrville a little too tough and could only touch them for six scattered singles and 2 runs.

Sunday, July 9 the Oak Forest Acoons will visit the Sportsmen at Memorial Park. Game time 2:30 pm.

School Survey to Be Made Later

Representatives of New Lenox township, Frankfort township and part of Manhattan and Jackson townships decided recently to consult with Dr. W. C. Reavis of the Chicago University faculty in regard to making provision for the high school pupils of these areas when the non-high school districts are abolished. He is an authority on school administration and is being consulted as a non-partisan adviser.

A survey, which was to be made July 8 by Dr. Reavis and a committee appointed to assist him, has been postponed for a short time due to his illness.

Local Brown Swiss Cattle Go to Coast

George Beutel of Mokena, owner of a prize-winning herd of Brown Swiss cattle has sold four bulls recently, two locally and two going to the state of Washington.

According to a report made by Fred S. Idtse, secretary of the Brown Swiss Cattle Breeders' association, Beloit, Wis., the following were sold: Beu-Dell's Herby No. 98417, to G. E. Sazman of Chewelah, Wash.; Beu-Dell's Larry, No. 98418 to E. A. Poe, U.S. Wash.; Beu-Dell's Nick No. 98419 to Meyer Bros. Peotone; and Beu-Dell's Jack, No. 98420 to Goodwin Bros., at Wilmington.

Although only an extremely small amount of boron is required for normal plant development, the need of boron is just as important for plant growth as are nitrogen, phosphorus, potassium and other nutrients.

Legal Notice

REPORT OF SUPERINTENDENT OF PUBLIC INSTRUCTION

Honorable Edward B. Simon, County Superintendent of Schools Cook County, Chicago, Illinois

This will acknowledge receipt of a notice from you that a petition has been filed by more than one hundred legal voters residing in a territory having a population of more than 2,000 persons and an equalized assessed valuation of more than \$6,000,000, requesting that you call an election to be held for the purpose of voting "for" or "against" the proposition to establish a Community High School District for the benefit of the inhabitants of the following described territory, to-wit:

All of the Southeast Quarter (1/4) of Section One (1) and all of Sections (7, 8, 9, 10, 11, 12, 13, 14, 15, 16, 17, 18, 19, 20, 21, 22, 23, 24, 25, 26, 27, 28, 29, 30, 31, 32, 33, 34, 35, 36) of Township Thirty-six (36) North, Range 13, East of the Third Principal Meridian in Cook County, Illinois, said territory consisting of all Bremen Township, except the North half (1/2) of Section One (1), the Southwest Quarter (1/4) of Section One (1), Sections Two (2), Three (3), Four (4), Five (5), Six (6), Eight (8), Nine (9), Ten (10), Eleven (11), Twelve (12), Thirteen (13), Fourteen (14), Fifteen (15), Sixteen (16), Seventeen (17), the South Half (1/2) of Section Nineteen (19), Section Twenty (20), Section Twenty-one (21), Section Twenty-two (22), Section Twenty-three (23), Section Twenty-four (24), Section Twenty-five (25), Section Twenty-six (26), Section Twenty-seven (27), Section Twenty-eight (28), Section Twenty-nine (29), Section Thirty (30), Section Thirty-one (31), Section Thirty-two (32), Section Thirty-three (33), Section Thirty-four (34), Section Thirty-five (35), and Section Thirty-six (36), of Township Thirty-six (36) North, Range 13, East of the Third Principal Meridian in Cook County, Illinois.

I have, in cooperation with you as County Superintendent of Schools of Cook County, Illinois, in which county all of said territory is located, studied the territory of the proposed district and the high school needs and conditions of such proposed district and the area within adjacent to same. In addition, I have examined the proposal in order to ascertain whether the proposed district will be able to provide a recognized four-year high school at a reasonable cost to the taxpayers, and the advantages, if any, over the present high school educational facilities furnished children in the territory involved.

It appears that the proposed district covers territory approximately five miles square, in a community including the following villages with approximate population as follows:

Midlothian	3,000
Oak Forest	2,000
Markham	3,000
Tinley Park	2,000
Posen	1,500

The population of the entire proposed district is approximately 18,000 persons, there being a considerable population in rural territory outside of the above-named villages. The territory has many hard surfaced highways, concrete and paved streets, and running through and across it are the following State and National Highways:

U. S. Route No. 6
U. S. Route No. 1 (Dixie Hwy.)
Illinois State Route No. 42A
Illinois State Route No. 50

These highways and the various paved streets running through the territory remain in good condition throughout all seasons of the year, so that any location in said territory where a school may be established may be reached conveniently by the children residing in the district.

At present, the above described territory is in the non-high school district of Cook County and the greater part of the children (approximately 589 pupils this year) attend Thornton Township High School. Other pupils go to the Blue Island Community High School, the Bloom Township High School,

the Orland Community High School and the Joliet Township High School, and there are approximately 650 to 750 high school pupils in the entire area involved in the petition. All of the above named high schools are within reasonable distance from certain portions of the proposed district and transportation facilities are good. Nevertheless, the population of the territory in question is increasing rapidly and in view of the recent change in the law concerning non-high school districts which it is believed will require all territory to be included in a district operating a high school, it is deemed advisable by many of the residents of the territory described in the petition to organize a high school district of their own. It is expected that the enrollment in the high school will eventually be from 600 to 800 pupils, but full enrollment will not be attained for two or three years inasmuch as the parents of pupils already attending other high schools will want their children to finish their high school education in those districts. The probable enrollment is large enough to justify offering the necessary courses required by modern high schools, at a reasonable cost and a district formed in the community would be advantageous for all of the high school children in that they will be able to attend the same school which will be closer to their homes and in their own immediate community.

The equalized assessed valuation of the proposed district is estimated to be approximately \$22,300,000 and the tax base in and of itself is sufficient to operate a good high school on an educational rate of approximately .70% to .75%. A new building will be necessary and should be constructed at the earliest possible date. In the judgment of the undersigned, this will entail a bond issue of approximately \$700,000 to \$900,000 which, if amortized over a twenty-year period at prevailing interest rates would require a building rate of approximately .25%. While plans are being completed and the building constructed, it is quite probable that pupils will be able to continue to attend the schools where high school pupils from this territory have attended in the past. The law permits a levy of an additional .0625% for building purposes each year if needed by the district for maintenance, repairs and other improvements to the building. During the first few years, maintenance costs should be small and the rate necessary for payment of bonds should decrease as the years pass, since the amount of interest required will be lower each year. It seems that the total tax rate required for educational purposes and building purposes, including payment of bonds and interest, should not exceed 1.00% to 1.0625%.

The non-high school district tax rate of Cook County is .495% for educational purposes and for bonds and interest, .115%. It is probable that this rate will be raised inasmuch as the non-high school district is in debt and the non-high school board has authorized a referendum during the summer of 1950 for raising the permissible maximum educational rate to .625%. Thus it will be noted that a high school will increase the educational costs to the taxpayers, but from an educational standpoint, the increase will be offset by the greater convenience to the pupils in being able to attend a high school in their own community and by operation of the high school which their children attend by the residents of the territory.

This office has been advised of a recent election in which it was proposed to annex the territory or the greater part of it to an adjacent high school district, which election failed to carry. It is pointed out that on and after July 1, 1953, in accordance with recent legislation, there will be no more non-high school districts and the pupils may not be educated by means of tuition paid by the non-high school board. According to the wording of the present law, it will then be necessary that the elementary districts in the territory provide free transportation and tuition for pupils eligible to attend high school, if the boards of such elementary districts do not maintain a high school. This will mean that after June 30, 1953, the elementary district must provide a high school education for the children without being permitted to levy an additional tax for this purpose. According to our investigation this situation will be extremely undesirable and it will be impossible to educate the high school children of this area without referenda in the various districts to increase the tax rates. Adjoining high school districts are reported to be overcrowded in many instances and as the population of the territory increases it is quite likely that adjacent high school districts will not be able to care for the educational needs of the pupils of this territory, so that it seems arrangements for a high school in this community will be absolutely necessary by July, 1953.

Children in the proposed district appear to be excellent. The Rock Island Railroad serves the area and commercial buses are operated between the villages in the territory on regular routes at regular intervals.

It is my opinion that the proposed district is compact and contiguous within the meaning of the statute and that all children residing within the proposed district may reasonably travel from their homes to a centrally located school within the territory and return in a reasonable time and with a reasonable degree of comfort. In order that this be done, I deem it necessary that transportation be furnished by the new district if and when it is organized. Such transportation should not be too difficult or expensive as compared with transportation costs in other similar districts. Although many of the

residents travel to surrounding communities and especially to the city of Chicago for business and social interests, nevertheless it is my opinion that the territory included in the proposed district constitutes a community for the purpose of providing a high school education for the children therein.

I deem it possible for the proposed district to operate a recognized high school program at the approximate costs outlined above under the conditions as outlined in this Report, namely:

1. Enrollment of approximately 600 or more pupils.
2. Construction of a new building in a convenient location in the district.
3. Maintenance of an equalized assessed valuation of \$22,000,000 or more.

The alternative methods of providing adequate high school educational opportunities for children in the territory involved in the proposed district are as follows:

(a) The territory could remain in the non-high school district as it is at present. This operation will probably be as expensive in future years if we take into consideration transportation costs of children attending other high schools and the rising costs in many of these schools.

In my experience, this method of educating high school children of a large segment of the population is never as satisfactory as the operation of a high school where the patrons of the district have a voice in the operation of the school attended by their children. Furthermore, since the law provides for abolition of all non-high school territory on July 1, 1953, this type of operation may not continue past that date and it certainly seems advisable and necessary that a new district be organized for the education of high school pupils and that definite plans be made therefor immediately.

(b) The various grade school districts underlying the proposed district could arrange to offer high school courses, thereby creating unit district. This plan would require the construction of not only one building but several new buildings and it would be more difficult to build all school facilities needed under this plan. The districts are all limited by the constitutional limitations on bonded indebtedness and attempting to operate a small high school in each of the elementary districts is not feasible from the standpoint of proper educational facilities, or the expense which must be borne by the taxpayers.

(c) The district could continue to permit the children to attend high schools in adjoining districts until July 1, 1953 and then transfer the burden of education of the high school pupils to the underlying common school districts. The law would require these districts to furnish transportation and tuition for these children. In effect, this would create the same kind of school territory now known as non-high school territory, except that it would be located in several districts. The children would not have the advantage of uniformity of educational opportunities. The districts would each be required to increase their tax rates materially by referendum (and the voters might not authorize such tax increases), and such operations would probably cost as much or more than the estimated educational costs as above set forth.

It is my opinion, therefore, that none of the alternative methods above mentioned would be as satisfactory as the organization of a Community High School District. If the residents of the territory desire a good high school immediately, the plan to organize a Community High School District at this time seems feasible and commendable.

This Report is made as provided by Section 10-13 of the School Code of Illinois and you are hereby authorized and directed to publish same in a newspaper of general circulation in the above territory at

least ten (10) days prior to the election which you are required to call according to law and at which election the proposition for the establishment of a Community High School District shall be submitted as provided by the Act.

All of which is respectfully submitted.

MM POWERFLOW DRIVE—THE SMOOTHEST, MOST EXACTING OF ALL SPEED CONTROLS

Minneapolis-Moline now offers the greatest sensation in combine development—the Self-Propelled Harvester with Powerflow Hydraulic Drive. It gives exactly the right speed with all the power you need for any crop and any field condition. A drive unit so flexible that movement of the control lever instantly regulates the speed from zero m.p.h. to maximum speed in any selected gear without changing engine speed or sacrificing power. Nor does ground speed regulation interfere with the combining mechanism that always runs at uniform speed for the most efficient combining results.

Operating height of header is regulated by new MM smooth-acting Uni-Matic power. The positive, fast acting hydraulic control that is adjustable to any working height and does all the work for you.

MM Model "S" Harvesters may be obtained with the 45-bushel grain tank that can be emptied in approximately one minute with the high speed auger unloader... they are also available with the platform and sacking attachment.

Visit us and see the many MM Harvester features that have continued to make combine history since introduced in 1934 on the MM original high-capacity, lightweight combines.
